

Welcome to the 9th CERSE  
Meeting  
**CERSE and DRS collaboration**

Meeting at Roslin, 31/05/23

# What are Research Software Engineers (RSEs)?

- RSEs are people who:

Develop software as  
part of their research

Develop software  
for others to do research

- Part of a bigger national movement
  - <https://www.society-rse.org/>
- Community of Edinburgh Research Software Engineers (CERSE)
  - Open to everyone (within and outwith UoE)
  - Objectives: network/knowledge and information exchange
  - <https://cerse.github.io/>
  - Alternating between virtual and face-to-face meetings

# Collaboration with Digital Research Services

We support researchers with computational, data-intensive and digital aspects of their projects.

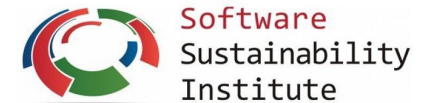

THE UNIVERSITY *of* EDINBURGH  
Digital Research Services

# Schedule

Time	Who	Activity
15:00	Sarah Janac (Research Facilitator, DRS)	<b>CERSE and DRS collaboration</b>
15:10	Mario Antonioletti (Software Architect, EPCC)	<b>RSEs and resources at EPCC</b>
15:20	Anthony Wood (Postdoc, Roslin)	<b>Covid-19 data modelling at Roslin</b>
15:30	Aja Murray (Reader, Psychology)	<b>Wellcome Data Prize for digital tool development</b>
15:40	Stefano Bordoni (Research Data Support)	<b>DataVault for data preservation</b>
15:50	Andre Vieira (Research Facilitator, DRS)	<b>Ice breaking session (opportunity to get to know your fellow attendees)</b>
16:00	Networking Opportunity – coffee and biscuits	
16:45	Close	

## **Fire** **Safety**

The fire alarm is tested on a Monday at 11:45AM

The fire alarm is a spoken warning detailing if evacuation is required

In the unlikely event of an evacuation, please follow the 'green running person' signs to your nearest available exit.

Please then progress to the fire assembly point which is located close to the disabled parking bays at the Institute car park.

## **First** **Aid**

Please contact reception and/or a local member of staff if you require first aid assistance.
